2024 Street Layout

FACTUAL DIAGRAM HALLOWEEN EVENT

Light Placement @ Baldwin

As found @ 1700

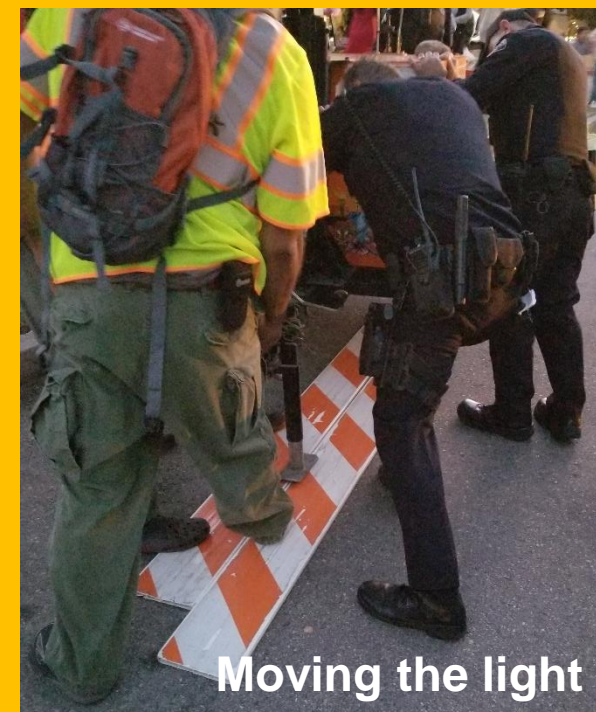

The light should be illuminating the crosswalk at Baldwin from the southeast corner and shining from east to west

As changed @ 1800

Light too far east

Moving the light

N. Baldwin Ave Crosswalk

Light Placement @ N. Mountain Trail

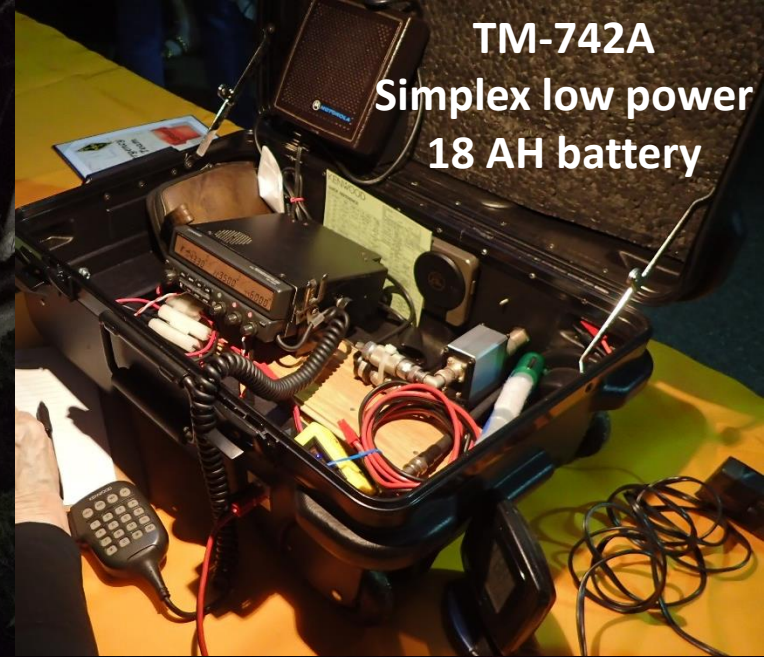

The lights at E. Alegria and Mountain trail were on the southwest corner and pointed in the direction of the crosswalk. Could have been closer to the intersection but the tree might have been in the way.

★ Possible alternate placement of the light – northwest corner

J-Pole antenna

TM-742A
Simplex low power
18 AH battery
